

FIRST SEACOAST BANK

COVID-19 Update

At First Seacoast Bank we continue to monitor developments and public health measures to properly respond to the Coronavirus (COVID-19). We are closely following the Centers for Disease Control (CDC) and World Health Organization (WHO) guidelines and recommendations.

Beginning March 18th we have decided to close branch lobbies at our Dover, Barrington, Portsmouth and Rochester offices. The drive-up will remain open at each location for regular banking transactions. Lobby access for customer service purposes will be available by appointment only. Please contact us at 603-742-4680 or customercare@firstseacoastbank.com.

Durham is our only branch without a drive-up and in an effort to protect the well-being of our employees and customers, beginning March 24th the office will temporarily close. We encourage Durham branch customers to visit one of our other drive-up locations in Dover, Barrington, Portsmouth or Rochester or schedule an appointment. Please note that the Durham branch ATM and night drop will remain open and operational.

The safety and well-being of our customers, employees and communities remains our top priority as we take precautionary measures to help prevent the spread of COVID-19. We hope these changes to lobby access will mitigate risk while allowing regular operations.

We encourage you to use our 24/7 online and mobile banking services as well as telephone banking, night drop depositories and our ATM network. For more information visit:
