

FIRST SEACOAST BANK

COVID-19 Update

At First Seacoast Bank we continue to monitor developments and public health measures to properly respond to the Coronavirus (COVID-19). We are closely following the Centers for Disease Control (CDC) and World Health Organization (WHO) guidelines and recommendations.

As a result, beginning Wednesday, March 18th we have decided to close branch lobbies at our Dover, Barrington, Portsmouth and Rochester offices. The drive-up will remain open at each location for regular banking transactions. Lobby access for customer service purposes will be available by appointment only by calling 603-742-4680 or emailing customercare@firstseacoastbank.com.

While our Durham branch does not have a drive-up, the office will remain open for limited transactions. However, we encourage Durham branch customers to visit one of our drive-up locations in Dover, Barrington, Portsmouth or Rochester or call us to schedule a lobby appointment.

The safety and well-being of our customers, employees and communities remains our top priority as we take precautionary measures to help prevent the spread of COVID-19. We hope these changes to lobby access will mitigate risk while allowing regular operations to continue as best we can.

We encourage you to use our 24/7 online and mobile banking services as well as telephone banking and our ATM network. For more information visit:
